

## **The Day of Days: Prodigal Son's Last Stand**

INT. MAINTENANCE SECTOR

BLACK SCREEN with alarms blaring:

SIDE SHOT of JASON and SOFIA are running toward the freight elevator of the Spire of New London maintenance sector. Jason a few steps ahead of Sofia, taking out any enhanced Garrison soldiers trying to stop them from escaping.

SOFIA

Where does the elevator go?!

Jason

It leads to a loading platform, the others will be there to get us out!

JASON and SOFIA arrive at the elevator and wait for it to get to their level.

SOFIA

You shouldn't have come here, we were supposed to wait till we had a bigger invasion force and a better plan.

JASON

None of us were going to let you get executed without trying to stop it.

SOFIA

I can be replaced! If I die, you take command, Andrew after you, then Angie and Elli. We risked too much for it all to come crashing down over one person.

CAMERA FACES elevator along with JASON and SOFIA

JASON

None of us are like you when it comes to leading. If you die, it's all over.

Elevator arrives, SOFIA looking somber

SOFIA

You didn't do all this because of what you told me before the ambush did you?

CAMERA FACING OUT OF ELEVATOR. JASON steps on the elevator, not able to look SOFIA in the face.

JASON

We voted, and the majority wanted to rescue you.

SOFIA

Are you telling me the truth?

JASON

It's the tru-

JASON and SOFIA hear a loud crash outside the elevator, they look out to see BLITZ. Looking at them with his eyes glowing crimson red due to the enhanced serum and laughing.

BLITZ

Where do you think you guys are going? You didn't do all this just for round 3 did you J?

SOFIA turns to BLITZ and activates her holo fist, JASON puts his hand on her shoulder to stop her. JASON looks at BLITZ and then to SOFIA, looking at her single working gauntlet, he sighs. SOFIA turns and looks at JASON.

JASON

I'm sorry.

JASON kisses SOFIA. While SOFIA is distracted JASON blinks out of the elevator and closes the door.

SOFIA

Wait, what are you doing? I can still fight!

JASON

Not with one gauntlet, but you can make it the rest of the way  
without me.

SOFIA and JASON tearing up

SOFIA

Why?

The elevator starts to leave and JASON feeds the rest of the  
Berserker serum into his system. His eyes shift to a bright  
blue.

JASON

Everyone's gotta have something to fight for.

SOFIA LEAVES on the elevator. JASON turns to face BLITZ in their  
final confrontation. BLITZ smiles, raises his fists and  
activates his gauntlets.

BLITZ

Ready to go lover boy?

JASON with a stern look on his face, activates his gauntlets and  
raises his fists

JASON

Let's go asshole.

JASON and Blitz run toward each other, gaining speed. Blitz  
shoots anchors up to gain height. The two make contact, dodging  
and throwing punches. An explosion goes off and they fall to a  
lower area with a few platforms.
